RIPLEY TOWN CENTRE

Positioned in the geographical heart of Brisbane's west corridor, a location experiencing exceptional growth, Ripley Town Centre is the major designated business and retail address to serve the Ripley region.

It is ideally located approximately 10 km south-east of Ipswich CBD and 40 km south-west of Brisbane CBE, with close proximity to both Cunningham and Centenary Highways.

Ripley Town Centre is surrounded by a number of infrastructure and residential developments aiding one of the fastest growing populations in Queensland.

Boasting a casual yet social lifestyle amongst an abundance of natural landscapes. It is expected that an additional 133,000 people will call the Ripley catchment home over the next 18 years.

This will allow the Centre to position itself as the leading destination for leisure, shopping, business, learning, sport and events.
